The **ATLA RELIGION DATABASE** is available online through BRS Information Technologies, 1200 Route 7, Latham, New York 12110 (1-800-345-4277), and through DIALOG Information Services, 3460 Hillview Avenue, Palo Alto, California 94304 (1-800-227-1960). The online database includes **RIO** volumes 1-4 (1949-1959) and 12- (1975-), all of **Religion Index Two: Multi-Author Works (RIT)** (1960-), all of **Index to Book Reviews in Religion (IBRR)** (1986-) and all of the **Research in Ministry** abstracts.

PREFACE

Religion Index One: Periodicals (RIO) Volume 18 (1986) contains indexing for about 14,600 articles and other features from 433 regularly indexed titles and selected articles from other journals.

The Scripture Index introduced in this volume arranges Bible references in canonical order as contrasted to the alphabetical order of books in the BIBLE (NT) and BIBLE (OT) sections of the Subject Index. The Scripture Index is intended to be a guide to critical studies but some general citations reflect the development process of a new service. The standard BIBLE section remains the primary source for subject access.

Second level geographic terms are now filed alphabetically following subject subdivisions.

The asterisk (*) following journal citations indicates the addition of information in the Author and Editor Index. This is usually a contents entry for a single theme collection of papers in a journal.

The former Book Review Index has been replaced by a new product, the **Index to Book Reviews in Religion.**

The first half of this annual reflects Paul D. Petersen's editing prior to accepting a new position at Engineering Information. His concern for an expanded quality guide to periodical literature in religion is here recognized and we wish him well in new endeavors.

Production of an index of this scope depends upon careful work at each level. Our appreciation is expressed to each person named on the facing page. We also depend upon the resources of local academic libraries: the Jesuit-Krauss-McCormick Library, the Joseph Regenstein Library of the University of Chicago, and the Catholic Theological Union Library.

American Theological Library Association members and especially the ATLA Index Board loyally support their publications and we express our appreciation.

G. Fay Dickerson, Editor

MISSION STATEMENT
FOR
RELIGION INDEX ONE: PERIODICALS (RIO)
AND
RELIGION INDEX TWO: MULTI-AUTHOR WORKS (RIT)

It shall be the purpose of **RIO** and **RIT** to index those articles in the field of religion--particularly religion and religious scholarship in the West--which are germane to research in and serve to document that field. The intended audience includes scholars, teachers, students who are engaged in the study of religion and related fields; clergy; other religious leaders; and the general reader in religion.
